

Steel Formed Sections Ltd is committed to be an industry leader in our environmental performance and is dedicated to sourcing the raw materials for our products under the guidelines of the Sustainability Standard BES 6001:Issue 3.1- Framework Standard for the Responsible Sourcing of Construction Products and as per our “ **bre certificate number : RS0049 Issue:04**”.

Steel Formed Sections Ltd aims to sustain the quality of life and wellbeing of individuals and communities touched by its activities through:

1. Keeping an Open Dialogue with Our Communities

Our aim is to build strong relationships through transparent communication with communities during all aspects of development, construction and operations, whilst respecting the diverse cultures, views and needs of these communities.

2. Fostering Local Relationships

Steel Formed Sections Ltd aims to foster lasting relationships with local organisations by supporting local community initiatives.

- This can be done by sponsorship of local sports.*
- Financial supports to local teams by purchasing Jerseys from a local supplier.*
- Attending and supporting events in the locality.*

3. Seeking to Source Locally

Steel Formed Sections Ltd will seek to source materials and services from locally based suppliers to support the local economy, enhance community engagement, and to reduce its impact on the environment from transportation.
